

Datablad SLA

	Clear
Simulates	ABS/ PMMA
Color	Transparent
Properties	Transparent resin with properties similar to ABS/PMMA plastic. Superior clear, building parts with outstanding clarity and excellent accuracy.
Hardness	83
Flexural modulus MPa	2680-2790
Tensile strength MPa	45-60
Flexural strength MPa	75-83
Elongation at break %	11-16
Impact strength kj/m2	38-48
Heat deflection temp (HDT)	52
Glass transition temp (TG)	62
